

(c) REMARKS

The claims are 1 and 2, with claim 1 in independent form.

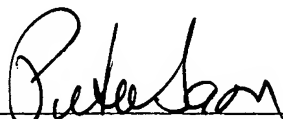

In updating the status of the claims on allowance, Applicants become aware of a minor typographical error in claim 1, which requires correction. In preparing the response dated September 12, 2005, the symbol "μm" in claim 1, line 3, was inadvertently reproduced as "um".

In accordance with MPEP §714.16, the amendment should be entered because it is needed for proper protection of the invention, it is a formal correction without changing the scope of the claims, it requires no new search nor requires any substantial amount of additional work on the part of the Office and was just recently uncovered.

Accordingly, entry of this Amendment is respectfully requested.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Peter Saxon", is written over a horizontal line.
